INDEX TO VOLUME XI.

A

A and D in measles, the therapeutic value of vitamins (H. M. M. Mackay, H. M. Linford, M. Mitman and M. H. Wild), 127

Abdominal tuberculosis, the carbohydrate metabolism in (C. W. Ross), 168, 215

ABERDEEN HOSPITAL FOR SICK CHILDREN, Members of the Staff of the: Encephalography in the investigation of certain cerebral conditions in childhood. Part I, 77—Part II, 97

Accessory nasal sinusitis in childhood (James Crooks), 281

Acid metabolism in rheumatic children, further observations on (W. W. Payne), 257

Acute poliomyelitis, the influence of trauma on the onset of (Hugh T. Ashby), 167

Amyoplasia congenita associated with mongolism (L. C. Cook), 261

Anaemia in East End of London, nutritional (Leonard Findlay), 167

Apple diet, treatment of enteritis by (B. Schlesinger) 169

ASHBY, HUGH T.: The influence of trauma on the onset of acute poliomyelitis, 167

ASHER, CECILE: Infantilism with bony changes resembling rickets and calcification in kidneys, 311

ASHWORTH, H. K.: The use of avertin for the production of basal narcosis in children, 157

Atelectatic bronchiectasis associated with bronchial stenosis, massive (R. Lightwood and R. Wilson), 321

Atresia, congenital tricuspid (J. W. Brown), 275

Avertin for the production of basal narcosis in children, the use of (H. K. Ashworth), 157

B

Banti's syndrome in childhood (L. C. Martin), 233

Basal narcosis in children, the use of avertin for the production of (H. K. Ashworth), 157

Bile ducts, congenital obliteration of the (R. Wilson) 271

Blood as a therapeutic measure, intra-muscular injection of (R. C. Jewesbury), 167

Blood-sugar in convulsions (G. B. Fleming), 168—(M. B. Maclean) 247,

Blood volume and circulation time in children (H. Seckel), 21

Bony changes resembling rickets and calcification in kidneys, Infantilism with (Cécile Asher), 311

BRAITHWAITE, J. VERNON: Further observations on pink disease, 49

Bronchial stenosis, massive atelectatic bronchiectasis associated with (R. Lightwood and R. Wilson), 321

Bronchiectasis associated with bronchial stenosis, massive atelectatic (R. Lightwood and R. Wilson), 321

BROWN A. (and P. Summerfeldt): Morquio's disease. Report of two cases, 221

BROWN, J. W.: Congenital tricuspid atresia, 275

BROWN, W.: Subnormal temperatures in infancy, 166

BRUIN, M. DE: Epituberculosis, 65

C

Calcification in kidneys, infantilism with bony changes resembling rickets and (Cécile Asher), 311

Calcification of the suprarenal glands, two cases of (N. B. Capon), 166

CAPON, N. B.: Two cases of calcification of the suprarenal glands, 166

Carbohydrate metabolism in abdominal tuberculosis (C. W. Ross), 168, 215

Carditis, subcutaneous rheumatic nodules with no (D. J. Thompson), 231

Carpus in rickets, congenital syphilis and cretinism, the ossification of the (P. Macarthur), 243

Cerebral conditions in childhood, encephalography in the investigation of certain. Parts I and II (Members of the Staff of the Royal Aberdeen Hospital for Sick Children), 77, 97

Cerebral sinus thrombosis, a clinical syndrome associated with (J. H. Ebbs), 170

Child guidance, parental loss and (M. B. Hall and F. Hopkins), 187

Circulation time in children, blood volume and (H. Seckel), 21

Clinical syndrome associated with cerebral sinus thrombosis (J. H. Ebbs), 170

COCKAYNE, E. A.: Dwarfism with retinal atrophy and deafness, 1

COOK, L. C.: Amyoplasia congenita associated with mongolism, 261

Congenital tricuspid atresia (J. W. Brown), 275—Obliteration of the bile ducts (R. Wilson), 271—Syphilis and cretinism, the ossification of the carpus in rickets (P. Macarthur), 243

Convulsions, the blood-sugar in (G. B. Fleming), 168—(M. B. Maclean), 247

CRAIG, W. S.: Meningitis in the newborn, 171

CREAK, MILDRED: Reading difficulties in children, 143

Creatine metabolism and the gonads (Paul Kahn and Nathaniel Smith), 307

Cretinism, the ossification of the carpus in rickets, congenital syphilis and (P. Macarthur), 243

CROOKS, JAMES: Accessory nasal sinusitis in childhood, 281

Cyst of the liver in a child aged four months, solitary (Matthew White), 319

D

Deafness, Dwarfism with retinal atrophy and (E. A. Cockayne), 1

DE LANGE, CORNELIA: A contribution to the pathology of identical twins, 39

Diabetes mellitus in childhood, the treatment of (N. Morris), 169

Diagnosis of pulmonary middle lobe disease in children (A. Morton Gill, and J. E. G. Pearson), 87

Difficulties in children, reading (Mildred Creak), 143

DUMITRESCU, E. (and O. S. Rougichitch): The oxydase reaction of human milk, 61

Dwarfism with retinal atrophy and deafness (E. A. Cockayne), 1

E

EBBS, J. H.: A clinical syndrome associated with cerebral sinus thrombosis, 170

Ectopia cardis cum sterni fissura (C. E. Kellett), 205

ELLIS, R. W. B.: Precocious puberty and pseudohermaphroditism, 166

Emphysema, spontaneous surgical (A. G. Watkins), 167

Encephalography in the investigation of certain cerebral conditions in childhood. Parts I and II (Members of the Staff of the Royal Aberdeen Hospital for Sick Children), 77, 97

Enteritis by apple diet, treatment of (B. Schlesinger) 169

Epituberculosis (M. de Bruin), 65

F

FINDLAY, LEONARD: Nutritional anaemia in East End of London, 167

FLEMING, G. B.: The blood-sugar in convulsions, 168

G

GILL, A. MORTON (and J. E. G. Pearson): Diagnosis of pulmonary middle lobe disease in children, 87

Gonads, creatine metabolism and the (Paul Kahn and Nathaniel Smith), 307

H

HALL, M. B. (and F. Hopkins): Parental loss and child guidance, 187

HOPKINS, F. (and M. B. Hall): Parental loss and child guidance, 187

Human milk, the oxydase reaction of (O. S. Rougichitch and E. Dumitrescu), 61

Hypoplasia of the mandible in the new-born, micrognathia or (C. P. Lapage), 168

I

Infancy, subnormal temperature in (W. Brown), 166

Infantilism with bony changes resembling rickets and calcification in kidneys (Cécile Asher), 311

Intra-muscular injection of blood as a therapeutic measure (R. C. Jewesbury), 167

J

JEWESBURY, R. C.: Intra-muscular injection of blood as therapeutic measure, 167

K

KAHN, PAUL (and Nathaniel Smith): Creatine metabolism and the gonads, 307—The rôle of muscle in obesity, 31

KELLETT, C. E.: Ectopia cordis cum sterni fissura, 205

Kidneys, infantilism with bony changes resembling rickets and calcification in (Cécile Asher), 311

L

LANGE, CORNELIA DE; (*see* DE LANGE)

LAPAGE, C. P.: Micrognathia or hypoplasia of the mandible in the newborn, 168

LINFORD, H. M. (and H. M. M. Mackay, M. Mitman, M. H. Wild): The therapeutic value of vitamins A and D in measles, 127

LIGHTWOOD, R. (and R. Wilson): Massive atelectatic bronchiectasis associated with bronchial stenosis, 321

Liver in a child aged four months, solitary cyst of (Matthew White), 319

M

MACARTHUR, P.: The ossification of the carpus in rickets, congenital syphilis and cretinism, 243

MACGREGOR, A. R.: Staphylococcal pneumonia, 195

MACKAY, H. M. M. (and H. M. Linford, M. Mitman, M. H. Wild): The therapeutic value of vitamins A and D in measles, 127

MACLEAN, M. B.: The blood-sugar in convulsions of infancy and childhood, 247

Mandelic acid, the treatment of pyelitis in children by (G. H. Newns and R. Wilson), 169

Mandible in the newborn micrognathia or hypoplasia of (C P. Lapage), 168.
MARTIN, L. C. : Banti's syndrome in childhood, 233
Massive atelectatic bronchiectasis associated with bronchial stenosis (R. Lightwood and R. Wilson), 321
Measles, the therapeutic value of vitamins A and D in (H. M. M. Mackay, H. M. Linford, M. Mitman, M. H. Wild), 127
Meningitis in the newborn (W. S. Craig), 171
Metabolism and the gonads, creatine (Paul Kahn and Nathaniel Smith), 307—In abdominal tuberculosis, the carbohydrate (C. S. Ross), 168, 215——In rheumatic children, further observations on acid (W. W. Payne), 257
Micrognathia or hypoplasia of the mandible in the newborn (C. P. Lapage), 168
Middle lobe disease in children, diagnosis of pulmonary (A. Morton Gill and J. E. G. Pearson), 87
Milk, the oxydase reaction of human (O. S. Rougichitch and E. Dumitrescu), 61
MITMAN, M. (and H. M. M. Mackay, H. M. Linford, M. H. Wild) : The therapeutic value of vitamins A and D in measles, 127
MONCRIEFF, ALAN : The value of oestrin for premature babies, 9—Nasal obstruction in the newborn, 166
Mongolism, amyoplasia congenita associated with (L. C. Cook), 261
Morquio's disease. Report of two cases (P. Summerfeldt and A. Brown), 221
MORRIS, N. : The treatment of diabetes mellitus in childhood, 169
Muscle in obesity, the rôle of (Paul Kahn and Nathaniel Smith), 31

N

Narcosis in children, the use of avertin for the production of basal (H. K. Ashworth), 157
Nasal obstruction in the newborn (Alan Moncrieff), 166
Nasal sinusitis in childhood, accessory (James Crooks), 281
Newborn, meningitis in the (W. S. Craig), 171—Micrognathia or hypoplasia of the mandible in the (C. P. Lapage), 168—Nasal obstruction in the (Alan Moncrieff), 166
NEWNS, G. H. (and R. Wilson) : The treatment of pyelitis in children by mandelic acid, 169
Nutritional anaemia in East End of London (Leonard Findlay), 167

O

Obesity, the rôle of muscle in (Paul Kahn and Nathaniel Smith), 31
Obliteration of the bile ducts, congenital (R. Wilson) 271
Obstruction in the newborn, nasal (Alan Moncrieff); 166
Oestrin for premature babies, the value of (Alan Moncrieff), 9
Ossification of the carpus in rickets, congenital syphilis and cretinism (L. C. Martin), 233
Oxydase, the reaction of human milk (O. S. Rougichitch and E. Dumitrescu), 61

P

PAEDIATRIC ASSOCIATION, BRITISH : Annual General Meeting, 165—Nasal obstruction in the newborn, 166—Two cases of calcification of the suprarenal glands, 166—Subnormal temperatures in infancy, 166—Precocious puberty and pseudohermaphroditism, 166—Spontaneous surgical emphysema, 167—The influence of trauma on the onset of acute poliomyelitis, 167—Nutritional anaemia in East End of London, 167—Intra-muscular injection of blood as a therapeutic measure, 167—Micrognathia or hypoplasia of the mandible in the new-born, 168—The blood-sugar in convulsions, 168—The carbohydrate metabolism in abdominal tuberculosis, 168—The treatment of diabetes mellitus in childhood, 169—Treatment of enteritis by apple diet, 169—The treatment of pyelitis in children by mandelic acid, 169—A clinical syndome associated with cerebral sinus thrombosis, 170
Parental loss and child guidance (M. B. Hall and F. Hopkins), 187
Pathology of identical twins, a contribution to the (Cornelia de Lange), 39
PAYNE, W. W. : Further observations on acid metabolism in rheumatic children, 257
PEARSON, J. E. G. (and A. Morton Gill) : Diagnosis of pulmonary middle lobe disease in children, 87
Pink disease, further observations on (J. Vernon Braithwaite), 49
Pneumonia, staphylococcal (A. R. Macgregor), 195
Poliomyelitis, the influence of trauma on the onset of acute (Hugh T. Ashby), 167
Precocious puberty and pseudohermaphroditism (R. W. B. Ellis), 166
Premature babies, the value of oestrin for (Alan Moncrieff), 9
Pseudohermaphroditism, precocious puberty and (R. W. B. Ellis), 166
Pulmonary middle lobe disease in children, diagnosis of (A. Morton Gill and J. E. G. Pearson), 87
Pyelitis in children by mandelic acid, the treatment of (G. H. Newns and R. Wilson), 169

R

Reading difficulties in children (Mildred Creak), 143
Retinal atrophy and deafness, dwarfism with (E. A. Cockayne), 1
Rheumatic nodules with no carditis, subcutaneous (D. J. Thompson), 231—Children, further observations on acid metabolism in (W. W. Payne), 257
Rickets and calcification in kidneys, infantilism with bony changes resembling (Cécile Ashcr), 311——Congenital syphilis and cretinism, the ossification of the carpus in (P. Macarthur), 247
ROSS, C. W. : The carbohydrate metabolism of abdominal tuberculosis, 168, 215
ROUGICHITCH, O. S. (and E. Dumitrescu) : The oxydase reaction of human milk, 61

S

SCHLESINGER, B. : Treatment of enteritis by apple diet, 169
SECKEL, H. : Blood volume and circulation time in children, 21
Sinus thrombosis, a clinical syndrome associated with cerebral (J. H. Ebbs), 170
Sinusitis in childhood, accessory nasal (James Crooks), 281
SMITH, NATHANIEL (and Paul Kahn) : The rôle of muscle in obesity, 31—Creatine metabolism and the gonads, 307
Solitary cyst of the liver in a child aged four months (Matthew White), 319
Spontaneous surgical emphysema (A. G. Watkins), 167
Staphylococcal pneumonia (A. R. Megregor), 195
Stenosis, massive atelectatic bronchiectasis associated with bronchial (R. Lightwood and R. Wilson), 321
Subcutaneous rheumatic nodules with no carditis (D. J. Thompson), 231
Subnormal temperatures in infancy (W. Brown), 166
SUMMERFELDT, P. (and A. Brown) : Morquio's disease. Report of two cases, 221
Suprarenal glands, two cases of calcification of the (N. B. Capon), 166
Surgical emphysema, spontaneous (A. G. Watkins), 167
Syphilis and cretinism, the ossification of the carpus in rickets, congenital (P. Macarthur), 243

T

Temperature in infancy, subnormal (W. Brown), 166
Therapeutic value of vitamins A and D in measles (H. M. M. Mackay, H. M. Linford, M. Mitman, M. H. Wild), 127
THOMPSON, D. J. : Subcutaneous rheumatic nodules with no carditis, 231
Thrombosis, a clinical syndrome associated with cerebral sinus (J. H. Ebbs), 170
Trauma on the onset of acute poliomyelitis, the influence of (Hugh T. Ashby), 167
Treatment of diabetes mellitus in childhood, the (N. Morris), 169—Of enteritis by apple diet (B. Schlesinger), 169—Of pyelitis in children by mandelic acid, the (G. H. Newns and R. Wilson), 169
Tricuspid atresia, congenital (J. W. Brown), 275
Tuberculosis, the carbohydrate metabolism in abdominal (C. W. Ross), 168, 215
Twins, a contribution to the pathology of identical (Cornelia de Lange), 39

V

Vitamins A and D in measles, the therapeutic value of (H. M. M. Mackay, H. M. Linford, M. Mitman, M. H. Wild), 127

W

WATKINS, A. G. : Spontaneous surgical emphysema 167
WHITE, MATTHEW : Solitary cyst of the liver in a child aged four months, 319
WILD, M. H. (and H. M. M. Mackay, H. M. Linford, M. Mitman) : The therapeutic value of vitamins A and D in measles, 127
WILSON, R. (and R. Lightwood) : Massive atelectatic bronchiectasis associated with bronchial stenosis, 321—(and G. H. Newns) : The treatment of pyelitis in children with mandelic acid , 169—Congenital obliteration of the bile ducts, 271
